## **CONVENTION ON NOMENCLATURE FOR THE CLASSIFICATION OF GOODS IN CUSTOMS TARIFFS**

The Governments signatory to the present Convention,

*Desiring* to facilitate international trade,

*Observing* that the progressive removal of quantitative restrictions results in customs tariffs becoming an increasingly important factor in international trade,

*Desiring* to simplify international customs tariff negotiations and to facilitate the comparison of trade statistics so far as the data for such statistics are based on the classification of goods in customs tariffs,

*Being convinced* that the adoption of a common basis for the classification of goods in customs tariffs will constitute an important step towards the attainment of these objects,

*Having taken into consideration* the work already accomplished in Brussels in this sphere by the European Customs Union Study Group, and

*Considering* that the best way of achieving results in this respect is to conclude an international Convention,

**HAVE AGREED** as follows:
